

EXOSKELETONS

Long-term support for better quality of life and job satisfaction

The cooling arm cuff facilitates rapid regeneration of the body through effective cooling while working in high temperature areas. This cooling effect of up to 12° Celsius can last for over 10 hours. Excessive build-up of heat and sweating is reduced significantly. Because of this, the performance of the employees remains unaffected and the sense of well-being is enhanced even while doing a strenuous activity or working at high temperatures. The cooling cuff is reusable and is ready for reuse within seconds.

Exoskeleton – Cooling arm cuff

Regeneration and comfort

- Reduces body temperature by up to 12°C
- Ready for reuse within seconds using cold tap water
- Dry and comfortable surface
- Provides cooling effect for up to 10 hours
